CHAMBER OF COMMERCE

NEWSLETTER - 2022/06

BRIEF HISTORICAL REVIEW - the Polish-Hungarian Chamber of Commerce was registered 2 years ago!

The Polish-Hungarian Chamber of Commerce was registered in Krakow on 1 July 2020, so we are celebrating the second anniversary of the launch of the Chamber project.

The Chamber is a new institution, but also a *community project* driven by the common goal of its participating companies - the development of business relations in their activity between Poland and Hungary and the Chamber's support for the cooperation of companies operating in the Polish-Hungarian business. The result of the Chamber's project is the creation of a community in the Polish-Hungarian relationship. I sincerely hope that in the last two years the Chamber has been able to add something new, something more, or even something unique, to your life and business operations. Many thanks for all who helped in this work!

Anna Wisniewski, initiator of the Chamber project, Executive Director

EVENT

GENERAL ASSEMBLY MEETING WAS SUCCESSFULLY ORGANIZED BY CHAMBER

Thank you for being with us! For the second time, the General Assembly Meeting of the Chamber was successfully organized. The event took place in Krakow on 10 July, 2022. The meeting made it possible to talk about last year achievements, and also plans for the year 2022-2023. The operation and financial reports were sent preliminary to the meeting to all members, and a short summary of the main conclusions shall be sent to everyone shortly.

Based on the votes of the represented member companies, Marcin Pondo, the managing director of Consulting Hungary, became a member of the Supervisory Board. Tomasz Németh, Managing Director of Gedeon Richter Polska, was elected to the position of President.

It was an honour for us to host Ambassador Zsuzsanna Orsolya Kovács at the event, which made it possible to discuss the Polish business environment and the

prospects of Polish-Hungarian economic cooperation. The event was honoured by Mr Boguslaw Kosmider, Deputy Mayor of the City of Kraków, who delivered a speech at the Garden Party following the Assembly.

BUSINESS NEWS FROM HUNGARY

State of emergency rewrapped but here to stay

Although the pandemic-related state of emergency has just ended, a Russian-Ukrainian war-induced state of emergency has just been introduced. Such gives the government sweeping powers including decree-based governance instead of acts, as well as entitlement to take special measures. Among others, these may include placing market players under government supervision, manifested in mandatory consent to the company's business decisions as well as exercising the shareholders' rights in their stead.

Special taxes rolled out in several sectors

In a bid to offset budgetary deficit, the Hungarian government has surprised several sectors with special taxes to be in a position to be able to draw on "extra profits". Among others, banks, insurance and leasing companies, airlines, energy market players, pharmaceuticals distributors and entities liable to pay
