NEWSLETTER - 2026/06

Apply Now! Application is now open for the "Fit for Poland III" Training Program

The Polish-Hungarian Chamber of Commerce is launching its annual **"Fit for Poland III" Training Program** for *Hungarian startups, micro- small- and medium-sized enterprises*. This year, the Chamber simultaneously hosts its new "Doing Business in Hungary" Training Program, targeting Polish counterparts.

The program consists of 3 parts:

- Training Day in Budapest (08-09. September 2026)
- Training Day in Gdansk (28-30. September 2026)
- Mentoring and closing session (08. October 2026)

Business Mixer networking events will follow the in-person training sessions, allowing participants to put theory into practice. The partakers also have the opportunity to engage in relevant company visits. Our goal is to support small businesses in entering international markets through a deeper understanding of the markets of both counties. Participants will gain practical tools, valuable contacts, and knowledge that can contribute to their long-term success in the given country's business environment.

Please contact us at info@plhucc.com in case of any questions or you can also find information on registration on our website: www.plhucc.com .

For more information on the training day in Budapest please visit our website: [FIT FOR POLAND TRAINING DAY in Budapest | Polish-Hungarian Chamber of Commerce on Glue Up](#)

There is also a possibility to apply for free of charge participation. The application terms and conditions are available on our website: <https://www.plhucc.com/news/fit-poland-iii-training-program> We can provide for the free participation of 3 Hungarian and 3 Polish companies in the programme. Apply now!

BUSINESS NEWS FROM HUNGARY

PETERKA PARTNERS NEWS

PETERKA PARTNERS

YOUR CEE LAW FIRM

The goal of the **Polish-Hungarian Chamber of Commerce** is to provide its members with up-to-date business information about the Hungarian market. In cooperation with our member company PETERKA & PARTNERS, we would like to draw attention to two important recent changes:

Wind Energy Permitting Rules Relaxed

Hungary introduced amendments easing restrictions on wind turbine placement and permitting. The reforms are intended to accelerate renewable energy investments and align with broader EU energy transition goals. Developers, industrial energy users and infrastructure investors may benefit from faster authorization procedures and improved opportunities for renewable projects.

VAT Reporting Becomes More Detailed

From July 2026, Hungarian VAT returns will require more granular invoice-level reporting, including mandatory breakdowns of deductible VAT by tax rate. Businesses should review ERP systems, invoice structures and accounting workflows to ensure sufficient data quality and reporting capability.
