EVENTS

Last days to register! Polish-Hungarian Energy Forum 06.10.2026 Budapest

⚡ Polish-Hungarian Energy Forum 2026 | Shaping the Future of Central European Energy

**How will the Central European energy landscape evolve in the coming years?
What will determine energy security and competitiveness across the region?
How can investment in infrastructure, new technologies and energy projects support the transition?**

And what opportunities are emerging for businesses operating across Central Europe?

The **Polish-Hungarian Chamber of Commerce** is pleased to invite you to the **Polish-Hungarian Energy Forum 2026**, bringing together energy experts, business leaders, policymakers and industry professionals for a focused discussion on the strategic and commercial challenges shaping the energy sector.

The Forum will address key areas including **energy security, LNG, grid development, hydrogen and investment opportunities**, with a particular focus on the developments and opportunities relevant to the Central European energy market. ⚡ 🌐

Beyond the conference programme, participants will have the opportunity to engage directly with companies and industry representatives through **B2B meetings** and to visit the **Environtec exhibition**.

💛 **For companies looking to strengthen their visibility and business presence**, the Forum also offers dedicated B2B and promotional opportunities, including a **5 m² promotional stand**.

📅 **6 October 2026**

📍 **Hungexpo Budapest Congress and Exhibition Centre**

Join us in Budapest for a day of **industry dialogue, market insights and business networking** focused on the future of energy in Central Europe.

We look forward to welcoming you! ⚡ 💛

Follow Up: Polish-Hungarian Business Mixer in Gdansk_29.09.2026

Thank You for Joining the Polish-Hungarian Business Mixer in Gdańsk! 🧡

A big thank you to everyone who joined us in Gdańsk for the Polish-Hungarian Business Mixer! 🙌

It was a pleasure to bring together representatives of the Polish and Hungarian business communities, institutions and experts for an afternoon of insightful discussions, knowledge-sharing and, most importantly, new connections. 📁🌐

Throughout the event, we had the opportunity to discuss Polish-Hungarian economic and trade relations, mediation in business, financial matters and market entry, HR and successful market expansion, as well as the Kaizen approach to cross-border business. The programme was followed by an interactive discussion and an informal networking reception.

A special thank you to our partners and supporters:

- 📍 Consulate General of Hungary in Gdańsk
- 📍 Gdańsk Business Club
- 📍 International Mediation Center
- 📍 Kaizen Institute Poland
- 📍 ERSTE Bank Polska
- 📍 Futureal Investment Partners
- 📍 Gedeon Richter Polska
- 📍 BPiON Poland
- 📍 Pentalingua

And, of course, thank you to all our speakers, guests and participants for contributing their expertise, sharing their experiences and making the event such a valuable opportunity for exchange and networking.

We are especially happy to see the Polish-Hungarian business community continuing to grow and create new opportunities for cross-border cooperation.

📷 Pictures will be available soon on our website!

Thank you for being part of it — and we look forward to seeing you at our next events!

OUR NEW MEMBER COMPANIES

Kaizen Institute Polska

We're pleased to welcome Kaizen Institute Polska to our business community. Founded in 1985 by Masaaki Imai, the pioneer who introduced the KAIZEN™ philosophy to the world, Kaizen Institute has grown into a global consulting and training organisation operating across 60+ countries, 6 continents and 45+ sectors.

Kaizen Institute Polska helps organisations build a culture of Continuous Improvement and achieve sustainable business results by combining the KAIZEN™ mindset with practical approaches to Lean Management, process improvement and problem-solving.

Their work goes beyond improving processes — it also focuses on developing the skills and capabilities of teams to identify problems, solve them and create lasting improvements.

Partnerships

Polish-Hungarian Chamber of Commerce Partners with the International Mediation Centre

The **Polish-Hungarian Chamber of Commerce** is pleased to announce its new partnership with the **International Mediation Centre (MCM)**.

By joining the network of MCM partner chambers, the Chamber is expanding its cooperation to better support Polish and Hungarian businesses operating in both countries. The partnership will provide entrepreneurs with access to **effective, out-of-court methods of dispute resolution**, helping businesses address conflicts efficiently while maintaining valuable commercial relationships.

Supporting entrepreneurs in developing business contacts, operating more effectively in the Polish-Hungarian market and strengthening bilateral economic relations has been at the heart of the Chamber's mission from the beginning. Cooperation with the International Mediation Centre is another step towards providing practical support to companies facing challenges in their business relationships.

Mediation offers companies an alternative way to resolve disputes without taking them to court, creating space for constructive dialogue and mutually acceptable solutions.

Interested in becoming a Hungarian mediator?

As part of this cooperation, we are also opening the opportunity for interested individuals to apply to become a Hungarian mediator. If you would like to learn more about the opportunity and the application process, please contact us.

We look forward to developing this partnership with the International Mediation Centre and to supporting entrepreneurs in building stronger, more sustainable business relationships between Poland and Hungary.

PETERKA PARTNERS NEWS

PETERKA PARTNERS YOUR CEE LAW FIRM

The goal of the **Polish-Hungarian Chamber of Commerce** is to provide its members with up-to-date business information about the Hungarian market. In cooperation with our member company **PETERKA & PARTNERS**, we would like to draw attention to two important recent changes:

- **New public procurement exclusion registry**
Hungary has launched a public registry of companies excluded from public procurement and extended certain exclusion grounds to ultimate beneficial owners. Companies planning to participate in Hungarian public tenders should review their ownership and management history and document any corrective measures taken before submitting bids.
- **Hungary abolishes carbon quota tax**
Hungary has retroactively abolished the carbon quota tax. Companies may reclaim tax already paid, together with interest, by applying to the Hungarian tax authority within the statutory 90-day deadline. The deadline is final, so affected businesses should act promptly.

Further details and official background materials are available at the link below:

Rohlig SUUS Logistics: SUUS Expands Its Olsztyn Operations with Larger Warehouse and Customs Services

SUUS Expands Its Olsztyn Operations with Larger Warehouse and Customs Services

Rohlig SUUS Logistics is expanding its presence in the Warmia-Masuria region with a larger logistics facility and expanded customs services in Olsztyn.

The company has increased the warehouse space at its Olsztyn branch by more than **30%**, **bringing the total area to approximately 2,300 m²**. The facility combines cross-dock and warehousing functions and supports domestic and international transport, distribution, storage and value-added logistics services.

SUUS has also launched an **authorised place for customs clearance** at the facility, allowing customs procedures to be carried out directly at the warehouse. The company plans to further develop its customs offering by opening a customs warehouse, enabling duties and taxes to be deferred until goods leave the facility.

The expansion responds to growing demand from companies in the region involved in international trade and supports more integrated supply chains by combining **transport, warehousing and customs services under one roof**.

The Olsztyn branch is also benefiting from its location and proximity to the developing ports on the Polish Baltic coast, creating opportunities for the region to serve as a logistics hub for maritime container flows and subsequent distribution.

As the operation continues to grow, SUUS also plans to increase employment at the Olsztyn site.
